

FLEXSYS TO INCREASE PRICES FOR INSOLUBLE SULFUR

AKRON, March 16, 2026 – Effective for all shipments on or after March 23, 2026, Flexsys announced it will increase regional prices for Insoluble Sulfur products as follows:

Asia: USD \$0.60/kg

Europe: Euro €0.45/kg

North America: USD \$0.40/kg

Latin America: USD \$0.40/kg

These increases are due to soaring raw material costs, energy costs, and freight costs, driven by the current conflict in Iran and the Middle East region and its increasing impacts.

About Flexsys

Flexsys is a global specialty chemicals and materials technology company that innovates and produces a range of tire additives with the purpose of enabling tire companies to improve tire performance and manufacturing productivity, while enhancing sustainability through innovation. Based in Akron, Ohio, with manufacturing facilities across North America, South America, Europe and Asia, our global team is committed to the success of our customers.
